

The coronavirus is a virus that can make people feel sick. It is also called Covid-19.

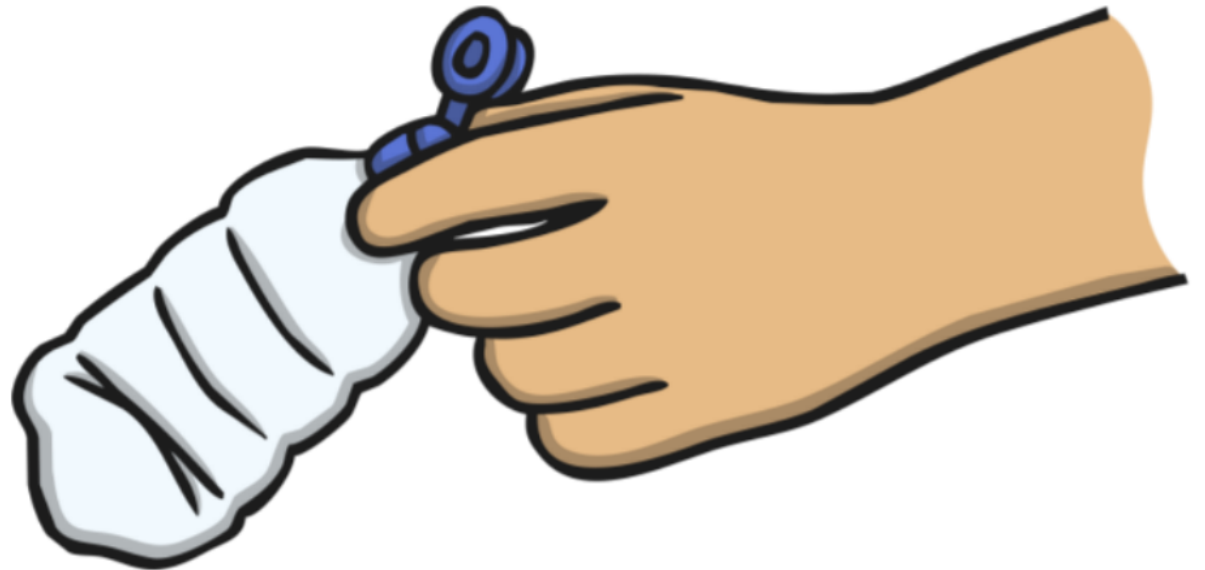

My family or I might  
become unwell and  
spend some time in  
bed to recover.

I can protect myself  
and others by  
washing my hands  
with soap and water.

If soap and water are  
not available I can  
use hand sanitiser to  
clean my hands.

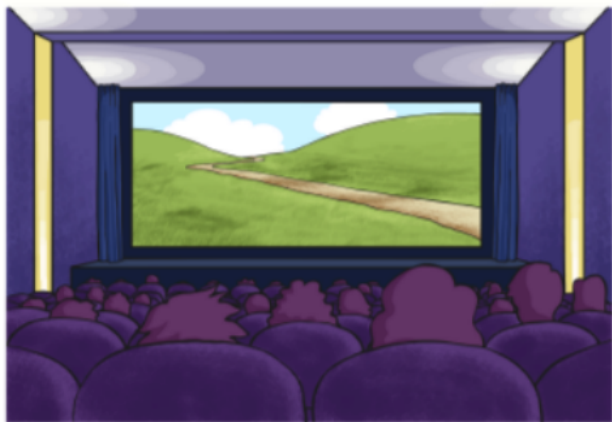

To stop the spread of  
the Coronavirus,  
school will be closed  
for 2 weeks.

This means that I  
will not be able to go  
to school.

I will not be able to visit other places like the shop, cinema or swimming pool either.

I will stay at home  
while the school is  
closed. I will try to  
do school work while  
I am at home.

I can do many of the  
same things at home  
as I do in school -  
like singing songs  
from circle time.

I will be safe and  
happy at home.

When the  
Coronavirus is gone  
away I can go back  
to school to see my  
teachers and friends.
